This year's event lands in Shibuya!

18th, January, 2026 10:00a.m.-5:00p.m.

📍 Shibuya Stream Hall

Beginning in 2024, the Ministry of Justice and the Immigration Services Agency of Japan have designated January of each year as "Life in Harmony Promotion Month," with the aim of fostering a deeper understanding of, and engagement with, the concept of a society in which Japanese nationals and foreign residents coexist harmoniously.

During this month, an in-person event, the "ALL TOGETHER FESTIVAL," will be held in Shibuya—one of Japan's leading centers of culture and trends.

Why don't we all create a new trend of a 'coexistent society' by enjoying the differences between Japanese and foreign cultures, discovering new connections, and experiencing both in Shibuya — the birthplace of trends?
